Tropiske sommerfugle

Tropical butterflies

I sommerfuglehuset i Botanisk Have kan du se tropiske sommerfugle fra varmere himmelstrøg. Her kan du komme helt tæt på sommerfuglene og kigge efter mange af de forskellige kendetegn der karakteriserer de forskellige arter.

Visit the butterfly house in the Botanical Gardens, and meet our tropical butterflies from warmer climates. Here you can get close to the butterflies and observe many of the different characteristics that characterize the different species.
